

# Global Warming Solutions

Creating Minnesota's Clean Energy Future  
and How You Can Help

**Thursday March 8th  
7:00 – 9:00 p.m.**

Frank W. Bridges Theatre  
Riverland Community College, Austin Campus

Global Warming could change our great state and nation forever, but we can do something about it. Come learn how Southeastern Minnesota will be essential in creating a clean energy future for Minnesota. We need your help. Ask questions, and make a difference.

Come early to talk with these and other organizations:

- Clean Energy Resource Teams
- Sustainable Farming Association
- Horizon Wind Energy
- The Audubon Society
- Izaak Walton League of America
- Sustainable Community Solutions
